

MORE THAN A SPEECH

A EXPERIENCE

INSPIRE GREATNESS IN YOUR TEAM

Tim's presentation style provides a unique approach that incorporates motivation, character building and inspiration that is then played out through on court/on field exercises and full team experiences that force teams to work together, to lean on each other and to embody the traits discussed.

Through the experience Tim is a constant motivator, asking probing questions, encouraging each athlete to be a leader and helping them to step up in a way they have never thought about or been challenged to do previously. Athletes leave the experience feeling motivated, empowered and ready.
